APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the  
source and is limited to what the well will produce but not to  
exceed 0.125 c.f.s. It is understood that this right must allow  
for a reasonable lowering of the static water level at permittee's  
well due to other ground water development in the area. A sub-  
stantial weir or other type of measuring device must be installed  
and measurements of water use kept, and a method provided, either  
air line or opening, for measuring depth to water. The State retains  
the right to regulate the use of the water herein granted at any and  
all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and  
not to exceed 0.125 cubic feet per second, or a yearly duty of  
4.0 acre-feet per acre of land irrigated.
